Director Agriculture reviews status of CSSs, FOS at Anantnag

ANANTNAG, JULY 12: Director Agriculture Kashmir, Choudhary Mohammad Iqbal today convened a high level meeting at Dak Bungalow Khanabal here to review the progress on different Centrally Sponsored Schemes (CSSs) and other farmer oriented schemes (FOS) implemented by Agriculture Production & Farmers Welfare Department. On the occasion, the Director exhorted upon the need of strict adherence to the timeline for project completion, optimal and judicious utilization of funds. He directed the concerned officers to ensure the budgetary allocations under different programmes are fully

utilized. He also directed Chief Agriculture Officer (CAO) to organise capacity building training programmes for field functionaries regarding various CSSs to efficiently meet their mission and goal in a suitable way. Chowdary directed the officers to intensify tours to farmer's fields to reach out to the farmers with latest technologies so that they can achieve self-sufficiency in the agriculture sector and export their produce to other markets as well. He further said that special teams need to be constituted under the supervision of Joint Directors for crop cut estimation. While reviewing the working of Soil Testing

Laboratory Anantnag, Director stressed the concerned officers to gear up their staff for achieving the cent percent target set under Soil Health Card Scheme.

During the meeting, the Director laid special emphasis on Mushroom Development on scientific lines and impressed upon CAO to make a comprehensive plan for processing and providing market facilities to the growers. Earlier, CAO Anantnag gave a detailed power point presentation regarding a detailed overview of different kharif crops, present scenario and measures brought in by the department to address the issues confronting farmers. Joint Director Agriculture Inputs Kashmir, Joint Director Agriculture Extension, Joint Director Marketing Post Harvest Management, District Agriculture Officers besides other officers and officials were present in the meeting.

Director Agriculture Kashmir chairs a review meeting at Bandipora

Directed officers to play a pro-active role in the execution of different schemes and programmes

BANDIPORA: Director Agriculture Kashmir Chowdhary Mohammad Iqbal chaired a meeting at Bandipora to review the status of implementation of different Centrally Sponsored Schemes that are being implemented by the department.

Speaking on the occasion Director Agriculture impressed upon the officers to play a pro-active role in the execution of different schemes and programmes. He directed to establish monitoring committees of different wings of the department at village level to monitor and verify the proceedings and progress on the ground level, so that accountability and transparency should be maintained

in the implementation of different schemes. He reiterated his directions for maintaining documentation besides photographic evidence of each activity conducted by the department.

While discussing the present agro-climatic scenario Chowdhary said amid challenging weather conditions, department is closely monitoring present scenario in Valley. He said awareness mechanism with respect to disease incidence and its control should be strengthened among the farmers in order to minimize losses due to diseases. He further added that amid rising temperatures and fluctuating weather conditions all necessary steps should be taken up

without any delay to face the emerging situations.

During the meeting Director laid a special emphasis on the progress of Vegetable, Apiculture & Mushrooms Development on scientific lines for raising the economic standards of farmers.

Earlier, Chief Agriculture Officer, Bandipora gave a detailed overview of status of different Kharief crops, present scenario and measures brought-in by the department to address the issues confronting farmers.

Later on Director Agriculture Kashmir inspected Vegetable Seed Multiplication Farm Watpora, Bandipora and said that Efforts are in full

swing to develop Seed Multiplication Farms of the Department on scientific lines as these Farms not only play a vital role to meet out the seed requirement for farmers but also are of key importance in multiplication of latest varieties of different crops.

While inspecting Soil Testing Laboratory Bandipora the Director Agriculture directed the concerned officers / officials for achieving the 100% targets set under Soil Health Card Scheme.

The Director Agriculture Kashmir was accompanied by Joint Director Agriculture Inputs Farooq Ahmad Shah, Joint Director Farms Syed Was-eem Ahmad Shah.
